REMARKS

Applicant would like to thank the Examiner for the thorough examination of the present application, and for the courtesies extended in the telephone interview on August 28, 2006. As helpfully suggested by the Examiner, the independent Claims 1, 14, 25 and 31 have been amended to more clearly define the present invention over the cited prior art references.

In view of the amendments to the claims, it is submitted that all the claims are patentable. Accordingly, a Notice of Allowance is requested in due course. Should any minor informalities need to be addressed, the Examiner is encouraged to contact the undersigned attorney at the telephone number listed below.

Respectfully submitted,
